FLORENCE BELANGER, W9WYJ, sends us this from the San Francisco Examiner: "The two most lethal weapons are guns and cars. One man did more than any other to quiet thses killers. Hiram Percy Maxim invented both the silencer and the muffler."

ARRL INFORMS US that the late Herbert F. Wareing, W9NY, was a member from December 1915 continously to his death in 1983! An AWSOME number of years! Over 67 by the League count!

LATEST WORD FROM OUR WASHINGTON CORRECTION is that FCC may take several months to decide the Volunteer Examiner fee question. More information at the club meeting.....
